Certified Automotive Tire Service Technician

AUTO 1048 C

Certified Automotive Tire Service Technician (ATST) has been developed in partnership with the Ontario Tire Dealership Association. This course provides in-depth and comprehensive instruction on the recommended procedures for servicing modern automobiles and light trucks. Certified ATST is designed for the professional passenger and light truck tire technician with topics ranging from the relationship between torque and clamping force to the TPMS relearn procedures on domestic and import vehicles. Certified ATST also includes an exclusive module on Tire Conditions Analysis that uses images from TIA's Passenger and Light Truck Tire Conditions Manual to educate technicians on the most likely reasons for common irregular tread wear patterns. Successful completion will lead to certification/accreditation from the TIA - Tire Industry Association and endorsed by OTDA Ontario Tire Dealers Association.
